

**Outcome 4 – Apply the principles of dynamic leadership in a SAR team**

**1. What leadership style/s did you adopt?**

**2. What made you choose that particular style or styles?**

**3. Did you have to change your leadership style for any reason?**

**4. What leadership styles worked well?**

**5. What would you do differently next time in terms of your leadership style?**

**Outcome 7 – Make decisions while providing leadership in a SAR team.**

**1. What decisions did you have to make?**

**2. What thought process or decision making cycle or system did you use to make the decision?**

**3. How successful was your decision making?**

**4. What would you do differently next time in terms of your decision making?**

**Outcome 8 – Demonstrate an understanding of the role of the SAR team leader.**

**1. How did you as a leader contribute to your team?**

**2. What did you do that made your team effective?**

**3. How effective were you as the team leader?**

**4. What would you do differently next time in terms of your leadership role within a team?**

**Outcome 11 – Demonstrate understanding of managing timeframes in the SAR team.**

**1. Did you manage to complete the task within the time you were given?**

**2. What did you do to make the most of the time available to you?**

**3. How well did you manage the timeframes you had to work with?**

**4. What would you do differently next time in terms of managing timeframes?**

**Outcome 12 – Minimise Critical Incident Stress (CIS) while providing leadership within a search or rescue team.**

**1. How did you minimise the impact of CIS on yourself and your team?**

**2. How successful was your decision making?**

**3. What would you do differently next time in terms of your decision making?**

**Outcome 13 – Contribute to conflict resolution while providing leadership within a SAR team**

**1. Describe any conflict you had to resolve within your team?**

**2. How did you resolve the conflict?**

**3. What did you do to help minimise the potential for conflict within your team?**

**4. How well did you resolve conflict within your team?**

**5. What would you do differently next time in terms of conflict resolution?**

**Outcome 14 – Enhance motivation within a SAR team**

**1. How did you motivate your team, yourself and others?**

**2. How well did you motivate your team?**

**3. What would you do differently next time in terms of enhancing the motivation of a team?**

**Outcome 15 – Explore team structure and identify effective team structure for diverse SAR contexts**

**1. What was the structure of your team?**

**2. Why did you structure the team in this way?**

**3. How well did your team structure perform?**

**4. What would you differently next time in terms of team structure?**

**Outcome 16 Demonstrate understanding of situational awareness for a SAR team leader.**

**1. How did you maintain situational awareness?**

**2. How effective were you at maintaining situational awareness?**

**3. What would you do differently next time in terms of maintaining situational awareness?**

**Outcome 17 – Explore the effective management of subjects by a SAR team leader.**

**1. Describe how you would manage a lost or injured subject if your team was successful in locating them?**

**Outcome 18 – Determine hazard minimisation and risk management strategies for operating in a SAR area.**

**1. Describe the risks and hazards your team was exposed?**

**2. What strategies did you as the team leader employ to minimise these risks and hazards?**

**3. How successful were you at managing these risks and hazards?**

**4. What would you do differently in terms of risk management?**

**Outcome 19 – As a team member provide leadership within a search or rescue team**

**1. Describe what actions you took to create to a successful team?**

**2. How effective were these actions?**

**3. What would you do differently next in terms of creating a successful team?**
